General Manager x86 &
Distributed Compute

Agenda

- The changing landscape
- Operational efficiency
- Agile infrastructure

The changing landscape

Customer Experience is being redefined

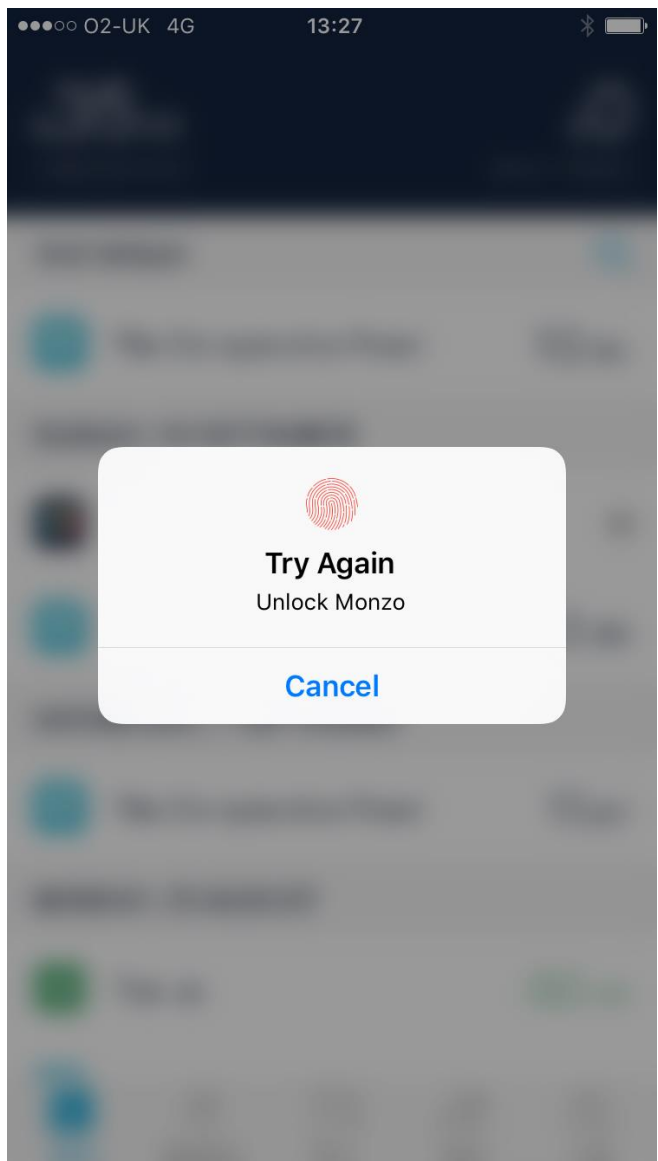

CC BY 2.0 image by Aranami <https://flic.kr/p/8XKMCD>

Governance Risk and Compliance

Payments disruption

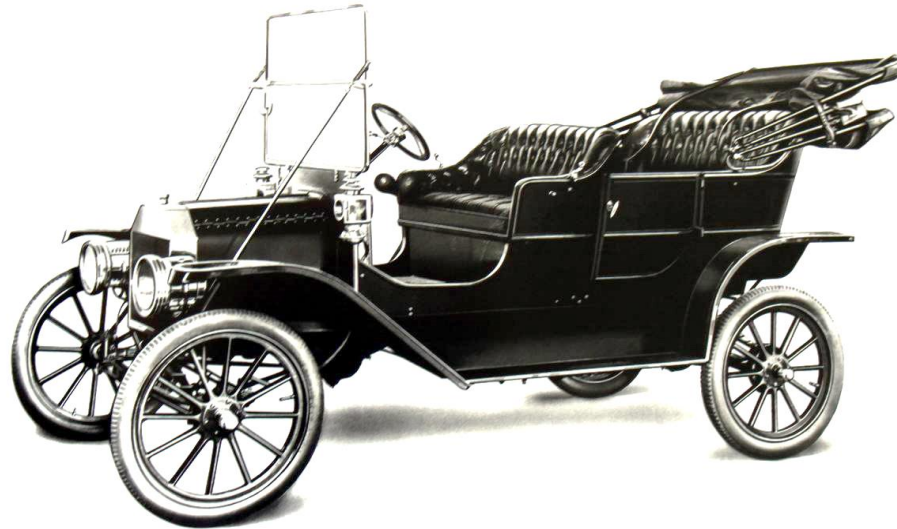

Operational efficiency

All industries evolve (towards greater Operational Efficiency)

Design for Purpose

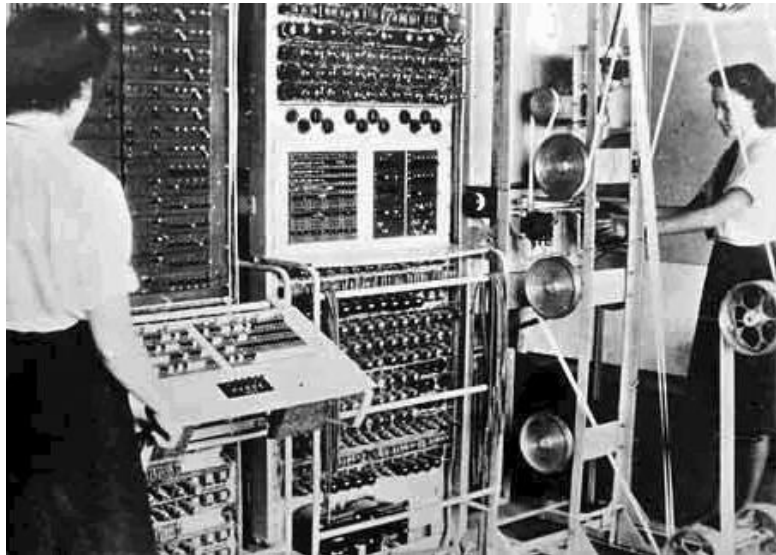

Design for Manufacture

Design for Operations

IT is no different and banking is defined by its IT

Design for Purpose

Design for Manufacture

NETFLIX

Design for Operations

Agility, Agility, Agility

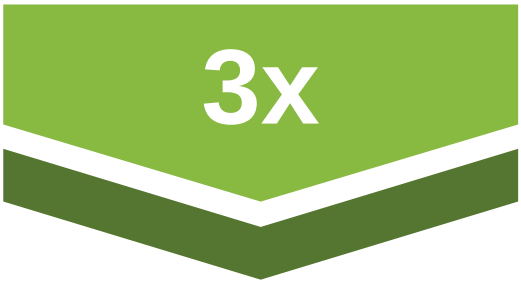

High-performing IT organizations report experiencing:

more frequent deployments

faster recovery from failures

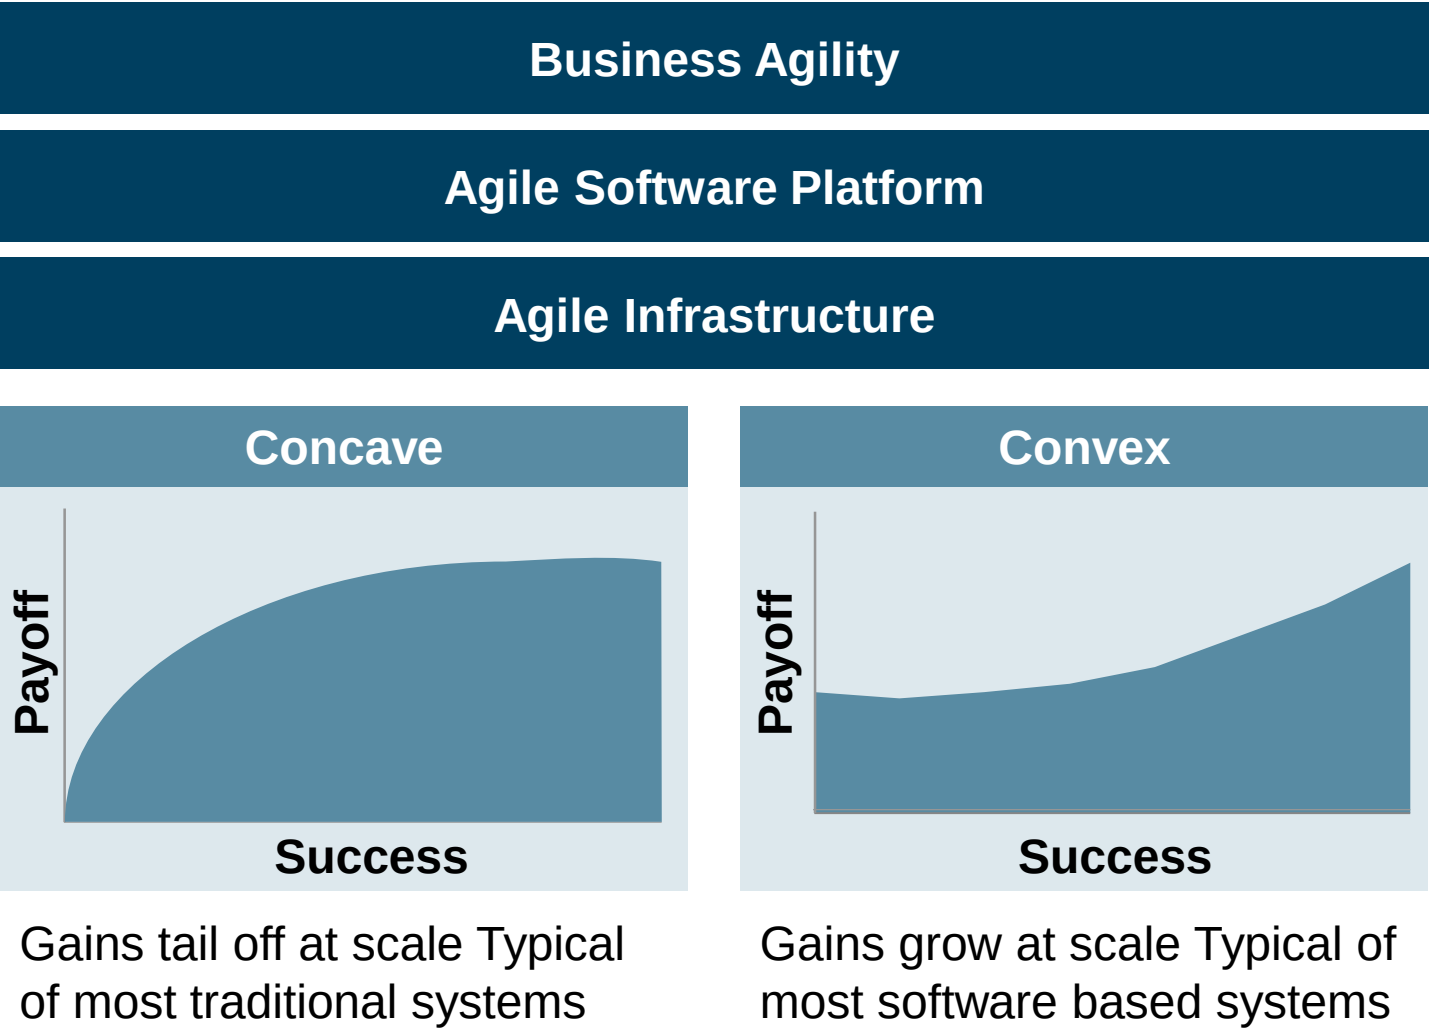

lower change failure rate

shorter lead times
