

Keeping a project going

Raspberry Pi Sous Vide, 3126 days later

Chris Swan

@cpswan

Creating something new is
easy, creating something
that lasts is the challenge.

Adam Braun

Stats

- 8 years, 6 months, 21 days
 - 446 weeks
- 228 logs
- 1 dead DS18B20
- 1 dead SD card
- Many dead RF sockets
- Still pretty much the same code

Hardware

Software

- Raspian OS has been upgraded a few times
 - SD card failure
 - Key dependencies like the shift to PiLight
- Biased version of PID controller
- Rewrite from Python 2 to Python 3

Thanks for your time

I'm happy to answer questions
